REED CITY — The Reed City District Library will offer a free informative talk on Affordable Healthcare and how it affects taxes.

The talk will begin at 6 p.m. today at the library, located at 410 W. Upton Ave., in Reed City.

"This will be timely because of taxes and a hot topic because of Affordable Healthcare," said Heather Symon Basset, director of Reed City District Library.

The informative talk will be lead by two H&R Block representatives, Julia Jullian and Kathy French.

For more information, call the Reed City District Library at (231) 832-2131.
